

Thank you for taking the time to hear my comments.

I have been listening to K-LOVE for as long as they have been transmitting signal to the commercial free station of 91.1 FM in Denver CO. I generally do not listen to other stations, not just because of their programming but because they are not commercial free. I enjoy K-LOVE's choice of music because it is uplifting and encouraging, and in today's world we need a the positive help we can get. They are an out reach to the community in many ways and are non discriminatory to their audience. Their (K-LOVE) mission has a meaning of wholesomeness and morality, and reaches the young and the old. I would probably not listen to the radio at all should this station go LPFM status, or would find another commercial free station.

Thank you for your time.
